**Description of Table Used and Total Number of Seated Positions**

Face Up Pai Gow Poker is played on a standard Pai Gow Poker table, which seats a maximum of six players and a player-dealer, for a total of seven seated positions. Within each betting area for each seated player, there shall be two separate betting areas representing each players' base game wager and the Fortune Bonus Bet. Each betting space at the table has a fixed amount for wagering limits defining the minimum and maximum amounts that may be wagered. Players must bet at least the table minimum.

**Dealing Procedures and Round of Play**

All wagers in Face Up Pai Gow Poker will be made by placing casino chips on the appropriate betting areas of the table layout keeping in mind the table minimum and maximum wagering limits.

1. At the start of a game a player is offered the player-dealer position. Once the player-dealer position is accepted, the house dealer shall wait for each player to make their wager in accordance with the table limits.
  - a. Each player then has the following option(s) when placing their wager(s):
    - i. The base game which pays 1 to 1;
    - ii. The Fortune Bonus Bet which pays according to the payable, as shown below;
      1. If a player wagers at least \$5 on the Fortune Bonus Bet, the player qualifies for the Envy Bonus and the house dealer must place an "envy" button next to the player's Fortune Bonus Bet wager.
2. Third-Party Providers of Proposition Player Services (TPPPS), as defined in Section 19984 of the California Business and Professions Code, are permitted to play.
3. Backline betting is permitted on all wagers.
4. Once all wagers have been placed, the cards will be shuffled and dealt to players in the following way.
  - a. If the cards are hand shuffled then the house dealer will shuffle, cut, and complete the deal of seven piles of seven cards face-down in front of them. When dealing the seven piles of seven cards, the house dealer shall deal one card at a time in front of the house dealer position until there are seven cards, starting from left to right. Once there are seven cards laid out, the house dealer shall deal each pile another card, from right to left, giving each pile a total of two cards. This process of dealing cards left to right, then right to left, shall be completed until each pile has seven cards. The remaining four cards shall be placed in the discard pile.

- i. The player-dealer then selects one of the seven piles.
    - ii. The action button, which determines the first player to receive first action from the player-dealer, is placed on the selected pile and will be the first hand distributed once the placement of the action button has been determined.
    - iii. To determine who receives the action button, the house dealer will use a dice cup. The player-dealer shakes a dice cup, which contains three dice, and the numerical total of the three dice determines the position of the action button. When using the dice cup method, the player-dealer's position is always one, eight, and fifteen. Other seats in clockwise rotation, respectively represent the other numbers. If the random number or total dice value is one, eight, or fifteen, the player-dealer shall receive the first set of cards and the player to the left of the player-dealer shall receive the "Action" button.
    - iv. Once the first position is determined, the house dealer then distributes the seven piles of cards, starting with the action button and continuing clockwise.
    - v. The player-dealer receives their cards in turn according to the action.
    - vi. All seven piles of cards will be distributed to all seats at the table, regardless of whether a player is seated at each position or a wager has been placed. The house dealer will then spread the remaining cards to verify there are four cards remaining and placed in the discard pile.
  - b. If a machine shuffler is used, the house dealer will use the shuffle machine to randomly intermix and deliver seven cards to each seat.
    - i. The action button, which determines the first player to receive first action from the player-dealer, is placed on the selected pile and will be the first hand distributed once the placement of the action button has been determined.
    - ii. To determine who receives the action button, the house dealer will use a dice cup method. The player-dealer shakes a dice cup, which contains three dice, and the numerical total of the three dice determines the position of the action button. When using the dice cup method, the player-dealer's position is always one, eight, and fifteen. Other seats in clockwise rotation, respectively represent the other numbers. If the random number or total dice value is one, eight, or fifteen, the player-dealer shall receive the first set of cards and the player to the left of the player-dealer shall receive the "Action" button.
    - iii. Once action is determined, the house dealer will deliver the first seven cards to the action seat and continue clockwise around the table.
    - iv. Each seven-card hand will be distributed by the shuffle machine and placed on the table by the house dealer, one at a time, from the house dealer's left to right, until all seven hands are dealt. The house dealer will then spread the remaining cards to verify there are four cards remaining and placed in the discard pile.
5. The player-dealer's hand will then be exposed and set before the players set their hands.
- a. If the player-dealer has an ace-high or king-high seven-card hand, all player's wagers shall automatically push.
    - i. If the player-dealer's hand does not contain a seven-card ace-high or king-high hand, each player shall then set their hand.
  - b. The player-dealer has the option to ask the house dealer to set their hand according to the House Way chart.
6. Once the player-dealer's hand is set, each player sets their hands by arranging the seven cards into a two-card hand in front, and a five-card hand in back.
- a. The five-card hand must rank higher than the two-card hand, according to the hand rankings, as shown above.

- b. The player has the option to ask the house dealer to set their hand according to the House Way chart below.
- c. Players do not have to set their hand the "House Way", they are free to set the hand in any fashion they choose as long as it is not a foul hand. If a player arranges the two-card hand so it out-ranks the five-card hand, this will be considered a foul and the player will automatically lose their wager.
7. Once the player's hands are set, each player's hand is exposed, in turn, and compared to the player-dealer's hands to determine the winners, losers, or push hands.
8. Each player's five-card hand will be compared to the player-dealer's five-card hand, and each player's two-card hand will be compared to the player-dealer's two-card hand, in turn.
9. Wagers will be settled in a clockwise manner around the table, starting with the player with the Action button.
10. All wagers will be settled from seat to seat (including backline betters) in the following order: the base game wager, then the Fortune Bonus Bet, and then the Envy Bonus. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer will be returned to the respective players.
11. The cards are collected, shuffled, and a new round begins.

**How Winners are Determined and Paid**

Once each player has set their hands and the house dealer has set the player-dealer's hand, each player's hand shall be compared against the player-dealer's hand. The following shall apply for each possible outcome when determining which hand wins, loses, or if there is a push.

1. The base game wager wins if the two-card hand and the five-card hand, held by the player, ranks higher than the player-dealer's two-card hand and five-card hand.
2. The base game wager loses if the two-card hand and the five-card hand held by the player, ranks lower than the player-dealer's two-card hand and five-card hand.
3. The base game wager "pushes" if one of the hands held by the player ranks higher than the player-dealer's corresponding hand, and the player's other hand ranks lower than the player-dealer's corresponding hand. In this case, neither the player nor the player-dealer wins or loses; the wager is a push and is returned to the player.
  - a. The base game wager also "pushes" if the ranking of the player-dealer's shown hand is a seven-card ace-high or king-high hand. Neither the player nor the player-dealer wins or loses; the wager is a push and is returned to the player.
4. If either the two-card hand or the five-card hand is identical in rank to the player-dealer's two-card hand or five-card hand, it is a "copy hand." The player-dealer wins all copy hands.
5. The player-dealer will collect losing Fortune Bonus Bets and pays winning Fortune Bonus Bets to the extent of the player-dealer's wager.
6. A player qualifies for an Envy Bonus payout when a player places a Fortune Bonus Bet of at least \$5. The player-dealer shall pay all winning Envy Bonus' when a player at the table receives a Four of a Kind or higher, excluding the player-dealer hand or their own hand.

**Bonus Bets****Bureau of Gambling  
Control****Fortune Bonus Bet**

The Fortune Bonus Bet is an optional bonus bet that complements the game of Face Up Pai Gow Poker, as listed above. It is a wager that allows a player to bet that they will be dealt a predetermined and designated qualifying hand, as described below. There will be a distinctively marked circle on the table in which a player may place the optional bonus bet.

- A player has to place a base bet in order to place a Fortune Bonus Bet. Furthermore, the wager must be placed prior to the initial deal.
- Any seated player as well as any backline bettor may place a Fortune Bonus Bet.
- The Fortune Bonus Bet may be less than, equal to, or greater than the base game wager. However, it may not exceed the table limit.
- The bonus bet takes into account the first seven cards dealt as a player's hand. In the event that the first seven cards dealt to a player that placed a bonus bet is a predetermined and designated qualifying hand, as described below, the bonus bet will win. The player will then receive a monetary payout based on the bonus hand that the player has received and the payable, as shown below. Any other combination of the first seven cards dealt, other than the hands described below, will lose.
- The bonus bet may win regardless of the outcome of the base game wager.
- The player-dealer will pay all winning Fortune Bonus Bets and will collect all losing Fortune Bonus Bets. Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer will be returned to the players.
- Winning Fortune Bonus Bets will be paid according to the table, as shown below.

  - a. The hand to the left of the house dealer is a community hand and belongs to those who placed a bet on the Banker line hand.
  - b. The hand to the right of the house dealer is a community hand and belongs to those who placed a bet on the Player line hand.

**Collection Rates for California Games**

- California games utilize a player-dealer position. The position shall be offered systematically and continuously in a clockwise manner around the table after every two hands.
- All controlled game wagers, including bonus bets, are collected or paid, to the extent that the player-dealer's wager covers.
- Once the player-dealer's wager has been exhausted, the wagers not covered by the player-dealer shall be returned to the respective players.
- The gambling establishment does not participate in the actual play of the game and has no interest in the outcome of the play.
- Only one collection schedule option, which utilizes one table limit and the specified collection fees for that table limit, as listed above, shall be used at a gaming table at any one time.
- Collection rates and fees shall be determined prior to the start of play of any hand or round. Rates shall not be calculated as a fraction or percentage of wagers made or winnings earned.
- Flat fees on wagers may be assessed at different collection rates; however, no more than five collection rates may be established per table.
- Larry Flynt's Lucky Lady Casino shall provide ample notice to patrons regarding the collection rates and fees, as well as the procedure for collecting them.
- Collection fees shall be conspicuously posted on or within view of every gaming table.
