Subject: Written Comment Submitted for Agenda Item 11, for April 24, 2023 City Council Meeting

Caution! This message was sent from outside your organization.

Good afternoon,

I would like to submit the following for public comment at the city's upcoming council meeting on April 24:

Good evening, and thank you to the City Council and staff. The South Coast AQMD would like you to know that the Annual Emissions Reporting (AER) Deadline is approaching on Monday, May 1, at 5pm. The South Coast AQMD's Annual Emissions Reporting program was developed to track emissions of air contaminants from permitted facilities. Fees for emissions of air contaminants are assessed based on the reported data. These fees help to cover the costs of evaluating, planning, inspecting, and monitoring air quality efforts. More information can be found on our website at <http://www.aqmd.gov/home/rules-compliance/compliance/annual-emission-reporting>, or by calling our AER hotline at (909) 396-3660. Please note that staff is receiving a high volume of questions from the AER hotline and email and will respond back in the order that inquiries are received.

Please feel free to contact me if you'd like to know more about South Coast AQMD's Annual Emissions Reporting program.

Regards,

Brandee L. Keith
