

# CORONAVIRUS/COVID-19

KEEPING GARDENA SAFE

## CITY MANAGER UPDATE

MAY 13, 2020 | REF 2020.127

### MOVING THROUGH THE REOPENING GUIDELINES

With all of the new information being released from the State and LA County, I would like to clarify that the City of Gardena is still in the first phase of Stage 2.

As we follow LA County's [Five-Stage Reopening Process](#), the City of Gardena will be adjusting our Reopening Guidelines based on LA County's official orders. We are waiting on confirmation on the announcements made today by LA County Department of Public Health. As soon as we receive clarification and confirmation on those announcements, we will notify the public.

I understand that the pace of reopening and the required protective measures may be frustrating, but please keep in mind that the health and protection of our community is the top priority. All reopening decisions are dependent on our ability to slow the spread of COVID-19 and ensure proper infection control.

City staff is working hard to provide our community with the resources and guidance they need to confidently get back to business. Should you have any questions or concerns regarding our [Reopening Guidelines](#), please contact the Emergency Operations Center at (310) 217-9583 or [EOC@cityofgardena.org](mailto:EOC@cityofgardena.org).

Sincerely,

Clint Osorio
