

CORONAVIRUS (COVID-19) DASHBOARD

GARDENA, CA

COVID-19 Overview

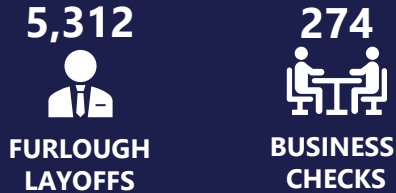

Updates

- Over the last 2 weeks, the number of positive COVID-19 cases increased by 2.94% with an average daily increase of 0.27%.
- In comparison, LA County has experienced a 4.91% increase over the last 2 weeks.

Impacts

- Healthcare Facilities:** Local healthcare facilities are stable and able to maintain all functions without assistance.
- South Bay Infection Rate:** Among all 15 South Bay cities, Inglewood has the highest infection rate at 2.60% per capita, followed by Hawthorne at 2.23%. 2.07% of Gardena's population has tested positive for COVID-19.

Economic Overview

Updates

- LA County is in Tier 1 of the State's new framework, indicating the transmission of COVID-19 is still widespread. As of September 2, 2020, hair salons and barbershops may reopen indoor services at 25% capacity.

Impacts

- Over the last 2 weeks, the Economic Development Manager received 32 calls from businesses for financial assistance.
- The Economic Development Manager has developed social media and restaurant resources that will be presented to the City Council members during the September 22, 2020 City Council meeting.

Response Programs Overview

Updates

- Restaurants continue to apply for outdoor dining with Community Development.
- Staff created an Outdoor Dining Map to promote the participating restaurants. The interactive map is available on our [website](#).

Impacts

- Majority of participating restaurant owners believed they could sustain current economic conditions for the next 1-6 months.
- Restaurants have requested for the City to sponsor an event that promotes foot traffic to their establishments.
- Restaurants would like the City to assist with their individual marketing efforts and highlight them on our City platforms.
