

CORONAVIRUS/COVID-19

KEEPING GARDENA SAFE

READING THE GUIDELINES

FINDING THE INFORMATION RELEVANT TO YOU

As you read through the Reopening Guidelines, please refer to these definitions to help clarify how the reopening stages affect you.

Vulnerable Population – This includes individuals that are aged 65 or older, pregnant and breastfeeding, experiencing homelessness or have underlying medical conditions defined by [CDC](#). We strongly urge these individuals to continue sheltering in place.

Individuals – This all-encompassing category applies to residents, visitors, customers, and employers and employees. Throughout the stages, all individuals must adhere to these guidelines at all times.

Business – If you are an employer for a specific sector, such as Non-Essential Business or Entertainment Venues and Amusement Parks, please refer to this category for guidelines on how to operate in each stage. Business sectors are to remain closed unless stated otherwise.

Remarks/Resources – To help guide our community to a successful reopening while minimizing public health risks, additional resources from CDC and LA County have been provided.

CDC – Centers for Disease Control and Prevention

LACDPH – Los Angeles County Department of Public Health

PPE – Personal Protective Equipment (sanitary supplies, gloves, face coverings, etc.)

All businesses that are permitted to reopen must post the signage provided by the City and prepare, implement, and post the required protocols from [LA County Department of Public Health](#) prior to opening.
