Form CD-1: Waste Management and Recycling Plan

The City of Gardena (City) requires all construction and demolition permit applicants to prepare a waste management and recycling plan in accordance with Ordinance Number 1649 (Municipal Code Chapter 8.20). By completing this form, you are complying with the plan requirement to estimate project disposal tonnage, and identify job site practices for collection and disposition of wastes. If your project is exempt, please complete a separate Form CD-1a. If you have questions, please contact the Department of Community Development for assistance at (310) 217-9530. The completed plan is to be submitted to the City at the time your building permit application is submitted. The diversion deposit and administrative fee is paid directly to the Building & Safety Division. Be sure to retain your copy of this plan and the payment receipt for reimbursement. Please note that no hauler, other than WRG, may be used to transport debris and waste to disposal. Contractors are required to prepare and submit a C&D Waste Diversion Report within 60 days of completion of the project to the City for review and approval.

Job Site Address	
Applicant's Name	Title
Company	Telephone No.
Company Address	
Fax No.	Email Address
Type of Project: <input type="checkbox"/> New Construction <input type="checkbox"/> Demolition <input type="checkbox"/> Renovation	
Type of Building: <input type="checkbox"/> Commercial/Industrial <input type="checkbox"/> Single Family Residence <input type="checkbox"/> Multi-Family Residence	

How will waste be handled during your project? (Please check all that apply)

- Job site separation.** Material will be segregated into two or more material-specific bins. For example, one bin for concrete, one bin for metals, one bin for wood, one bin for trash, etc.
- Collection and delivery of mixed loads to a materials recovery facility.** Clean construction and demolition material is commingled into a bin. The mixed loads are then delivered to a materials recovery facility for sorting. Trash should be collected in a separate bin and delivered to a landfill.
- Green Building.** The applicant is planning to construct its project using “green building” methods to reduce waste, use recycled content materials, incorporate energy conservation, and plan for deconstruction.
- WRG.** The applicant will contact WRG at (310) 366-7600 to use WRG as hauler. **WRG is the City of Gardena’s only authorized hauler. Failure to use WRG will result in denial of deposit refund.**

How much waste do you expect to generate for disposal through your project? (Specify) _____ tons.
