[X] Categorical Exemption. State type and section number: Existing Facilities Section 15301
[X] Statutory Exemptions. State code number: Section 15061(b)(3)

Reasons why project is exempt:
Categorically exempt pursuant to Section 15301, existing facilities. The building in which the project is proposed already exists and will not include any alterations to the existing building footprint nor the exterior facade as previously approved. The shopping center the project is located in, is a substitution of tenants; therefore, the sale of beer and wine for on-site consumption is negligible. No environmental impacts as it is not an expansion of use pursuant to statutory exemption Section 15061(b)(3). The project is not subject to any of the exceptions of the exemptions under Section 15300.2 as the sale and consumption of alcoholic beverages is not considered significant.
