## DO NOT FORGT THE \$4.00 STATE FEE

- Let's imagine that your Gross Receipts are \$70,077 and 6 employees.
- The $\mathbf{\$ 7 5}$ minimum is for up to $\mathbf{\$ 5 0 , 0 0 0}$ in Gross Receipts.
- You will subtract $\mathbf{\$ 5 0 , 0 0 0}$ from $\mathbf{\$ 7 0 , 0 7 7}$ which equals $\mathbf{\$ 2 0 , 0 7 7 :}$

Ex.
Take: $\quad \$ 70,077$ (Your Gross Receipts)
Subtract: $\quad \mathbf{\$ 5 0 , 0 0 0}$ (Minimum Gross Receipts)
Equaling: =\$20,077
2.

Convert: \$20,077
By Dividing: $\quad \div 1,000$
Equaling: = 20.08 units
3.

| Take: |  | 20.08 |
| ---: | ---: | ---: |
| Multiply: | x $\quad .50$ |  |
| Equaling: | $=10.04$ |  |

4. 

| Take: | 10.04 |
| ---: | :--- |
| Add: | +75.00 |
| Equaling: | $=\$ 85.04$ (Business Tax Total) |

5. Employee Fee

- It costs \$4 per employee

Take: $\quad \$ 85.04$
Add: $\quad+\$ 24.00$ (\$4 x 6 employees = \$24.00)
Equaling: = \$109.04
6.

Take: $\quad \$ 109.04$
Add: $\quad+4.00$ (State fee)
Equaling: = \$113.04

Final Total: = \$113.04
