AN URGENCY ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GARDENA, CALIFORNIA AMENDING TITLE 18 OF THE GARDENA MUNICIPAL CODE PRIMARILY RELATING TO THE ESTABLISHMENT OF HOUSING OVERLAYS AND DEVELOPMENT STANDARDS PERTAINING THERETO AND REVISING THE CITY'S ZONING MAP

WHEREAS, under the Housing Accountability Act (“HAA;” Government Code § 65589.5), until the City has a compliant housing element, the City must approve affordable housing developments (the “Builder’s Remedy”) on parcels anywhere in the City without regard to land use designation, zoning, or development standards; and

WHEREAS, projects under the Builder’s Remedy are likely to be submitted to the City prior to the certification of the EIR and adoption of the changes as the City has already received inquiry into projects on certain sites; and

WHEREAS, there are only a limited number of grounds on which the City can deny a Builder’s Remedy project; and

WHEREAS, even if a housing element complies with all requirements of State law, it is not considered to be compliant until any required rezoning has taken place; and

WHEREAS, state law requires there to be consistency between the General Plan and zoning, which means that the new zones required by the housing element need to have a corresponding land use designation; and

WHEREAS, the City does not have any development standards for the new zones which are required to be adopted by the City’s 6th Cycle Housing Element and would like to have them in place to provide some means of regulation; and

WHEREAS, newly enacted AB 2334 provides that if a maximum allowable density is not provided in dwelling-units-per-acre standard, realistic density may be estimated based on applicable objective standards and then density bonuses awarded above the realistic density; and

WHEREAS, the City is currently preparing an Environmental Impact Report (“EIR”) to accompany all of the land use plan and zoning changes that are set forth in the City’s Housing Element, as well as changes to other sites that also include properties that were not identified as Inventory Sites in the City’s 6th Cycle Housing Element; and

WHEREAS, Government Code section 36937 allows an Ordinance to take effect immediately if it is from the immediate preservation of the public peace, health or safety, containing a declaration of the facts constituting the urgency and it is passed by a four-fifths vote of the city council; and

WHEREAS, the City has qualified for \$1,979,262 in PLHA grants, which is funding for housing-related projects and programs that assist in addressing the unmet housing needs in the City; and

WHEREAS, HCD has recently informed the City that the City must adopt its housing element and complete the required rezoning by February 15, 2023 in order to receive its 2019 PLHA grant in the amount of \$329,877; and

WHEREAS, one of the program objectives HCD asked to have added to the City's Revised 6th Cycle Housing Element was to adopt an urgency ordinance implementing the housing overlay zones and rezoning for the inventory sites so that the sites would be available by April 15, 2023 and provide for ministerial approval; and

WHEREAS, at a special meeting held on January 31, 2023, the Planning Commission of the City of Gardena held a duly noticed public hearing on this matter, at which time it considered all evidence presented, both written and oral; and

WHEREAS, at the close of the public hearing the Planning Commission adopted a resolution recommending that the City Council adopt this Ordinance and City staff file a Notice of Exemption; and

WHEREAS, at a special meeting held on February 15, 2023, the City Council of the City of Gardena held a duly noticed public hearing on this matter, at which time it considered all evidence presented, both written and oral; and

WHEREAS, prior to adopting this Ordinance, the City Council adopted Resolution No. 6619 readopting the Revised 6th Cycle 2021 - 2029 Housing Element and Resolution No. 6620 amending the Land Use Plan of the City's General Plan;

With application of the mixed use overlay zone, the city seeks to take advantage of development opportunities in key areas of the city, each of which faces unique opportunities and constraints. The involvement of the community development director ensures that adequate effort has been made to negotiate between the project and adjacent orphaned parcel. In addition, in the event that the orphaned parcel is not included in the adjacent development for reasons such as its recent date of development, the involvement of the community development director will ensure that compatibility exists between the orphaned parcel's existing condition and the adjacent project's current development.

* * *

J. Usable open space:

1. Residential uses: a minimum of ~~one hundred fifty~~ 150 square feet of outdoor usable common or private open space shall be provided per dwelling unit in accordance with the ~~minimum size~~ requirements of Section 18.42.065.

A. Site design: the following principles intend to establish an engaging street edge defined by the orientation and placement of buildings fronting major streets.

1. Building orientation: buildings and major pedestrian entrances must be oriented towards centers of activity, specifically, a primary street frontage or public plaza.
 - a. All primary ground-floor common entries or individual dwelling unit entries fronting on public or private streets must be oriented to the street, not to the interior or to a parking lot.
 - b. Entrances at building corners may be used to satisfy this requirement.

2. Setback encroachments: restaurant facilities and retail may encroach into the street setback as permitted by the City under an approved encroachment permit up to a maximum of eight feet from the building frontage, provided at least four feet of unobstructed walkway is maintained.

B. Architecture: the following principles intend to promote quality design.

1. Siding materials: plain concrete block, plain concrete, plywood, sheet pressboard, or vinyl panels are prohibited. Siding should be of high quality materials that weather well over time;

2. Color: colors must include a base color and two or more accent colors for each building. Colors must be selected from the approved color palette adopted by resolution of the City Council;

3. Multiple story structures: each subsequent story above the second story shall be set back from the story below by a minimum of eight feet. Architectural features, private open spaces, and patios may encroach up to fifty percent into the multiple story setback area, up to the wall face of the lower story;

4. Building facade: street-facing facades must be architecturally enhanced through the use of the architectural features listed below:

a. Maximum total wall plane without windows or entrances (on any facade) should not exceed thirty percent of the first story wall;

b. A minimum of 60 percent of the street-facing facade between two feet and eight feet in height must be comprised of clear windows that allow views of indoor space or product display areas;

5. Architectural details listed below must adhere to the following:

a. Architectural projections, such as bays, dormer windows, sun-control devices, un-roofed porches, cornices, belt courses and appendages such as water tables, sills, capitals, and bases, may encroach into the required setback by up to eighteen inches:

b. Balconies and porches are encouraged to create distinction between units, but are not required,

c. Awnings, if used, must be broken into segments that mirror the door and window openings beneath them,

d. Canopy posts may not be placed within the public right-of-way;

6. Window placement shall reflect the use:

- a. For commercial uses, large windows shall front onto major pedestrian thoroughways to promote exposure and visibility,
 - b. For residential uses, windows shall face away from loading areas, docks, and trash storage areas.
7. A lighting plan is required for any new construction pursuant to section 18.42.150 and 18.42.190.H.

SECTION 19. Section 18.20.050.A.7 of the Gardena Municipal Code is hereby amended to read as follows:

CHAPTER 18.21 - HOUSING OVERLAYS (HO-3, HO-4, HO-5, AND HO-6)
--

SECTION 20. Chapter 18.21 (Housing overlays (HO-3, HO-4, HO-5, and HO-6)) of the Gardena Municipal Code is hereby **ADDED** as follows:

Chapter 18.21
HOUSING OVERLAYS (HO-3, HO-4, HO-5, AND HO-6)

18.21.010 Housing overlays.

Gardena has few vacant or underutilized properties within the existing residential zones to accommodate residential growth without fundamentally changing residential land use policy. To accommodate residential demand, housing overlays are created that are placed over commercial- and industrial-zoned properties that are considered viable for housing development. The overlays provide for four density categories progressing from 12-20 units/acre to 51-70 units/acre. The overlays are designated HO-3 through HO-6 with HO-3 representing the overlay with the lowest density and HO-6 the highest density.

18.21.020 Superimposed nature of housing overlays.

Land classified in the housing overlays shall also be classified in one or more underlying commercial or industrial zones. Property so classified shall be identified on the zoning map by both the underlying zone and the housing overlay. The regulations set forth in this chapter shall be in addition to those regulations in other chapters of this title. In the event of conflict between the provisions of the applicable housing overlay and the underlying zone, Chapter 18.42 (General provisions), the provisions of the housing overlay shall prevail when residential uses are part of the development. If the housing overlay is silent on any development standard, the controlling development standards shall be in the

following order: housing overlay, 18.42 (General provisions); and then the underlying zone.

18.21.030 Permitted uses in housing overlays.

The following uses shall be permitted in the housing overlays:

A. Residential developments and residential mixed-use housing projects that comply with the residential design criteria of Section 18.42.190, subject to the density and development standards of the applicable overlay, and subject to the site plan review provisions of Chapter 18.44.

B. Mixed residential and commercial developments are permitted in commercial zones only. Industrial-residential mixed-use is not permitted.

1. Commercial uses in mixed-use developments are permitted, conditionally permitted, or prohibited in the same way they are permitted in the underlying zone. All conditions and limitations on the use within the underlying zone apply to the commercial portion of the development;
2. Residential portion of mixed-use follows development standards of the applicable overlay.

C. Transitional and supportive housing are permitted subject only to those restrictions that apply to other residential dwellings of the same type within the overlay.

D. Commercial and industrial uses permitted in the underlying zone are subject to the provisions of the underlying zone only.

18.21.040 Prohibited uses in housing overlays.

The following uses shall be explicitly prohibited in the housing overlays:

A. Short-term rentals.

18.21.050 Development standards for all housing overlays.

The property development and design standards set forth in this section shall apply to land and buildings within the HO-3, HO-4, HO-5, and HO-6 for a residential or mixed-use project. 1. The dimensions, shape and orientation of the parcel;
2. The placement of buildings and structures on the parcel;

CHAPTER 18.45 – DESIGN REVIEW

SECTION 35. Chapter 18.45 (Design Review) of the Gardena Municipal Code are hereby ADDED as follows:

Chapter 18.45 **DESIGN REVIEW**

18.45.005 Purpose.

Design review is a ministerial process that is not subject to the California Environmental Quality Act. The purpose of design review is to ensure that a project meets the applicable objective standards while at the same time encouraging affordable housing.

18.45.010 Where Applies.

Design review applies to:

- A. All two-family dwellings;
- B. Any new housing project of two or more units, including a residential mixed-use housing project as defined in Chapter 18.04, or transitional or supportive housing where either 20 percent of the total units or sold or rented to lower income households or 100 percent are sold or rented to personas and families of moderate income or middle income as those terms are further defined in Government Code section 65915.

18.45.020 Review

- A. Whenever design review is required and prior to issuance of a building permit, a project's design shall be approved pursuant to the following criteria:
 - 1. The provisions of this chapter; and
 - 2. All applicable and objective standards contained in Chapter 18.42; and
 - 3. All applicable and objective development standards in the zone in which the development occurs.
- B. Any modifications to the design aspects made after planning commission approval shall be grounds for a building permit plan check to be denied. This may be remedied in one of the following ways:
 - 1. The plans may be revised to conform to the design review approval; or
 - 2. A design review modification may be approved by the planning commission pursuant to 18.45.030.G;

C. If a development project involves discretionary permits as well as design review, the design review hearing shall be concurrent with said discretionary permits.

18.45.030 Procedure

The procedure for design review shall be as follows:

A. **Filing of Applications.** An application for design review shall be filed by the property owner, the property owner's representative, or other person having the right to the possession of the land for which design approval is sought. Such application shall be filed with the community development department on forms provided by the department. As a part of the application, the applicant shall submit copies of the site plan, all building elevations drawn to scale, and either color renderings or specifications of exterior colors and materials that will be used. A color and materials board that displays exact colors to be used as well as samples of exterior finishes must also be submitted.

B. **Filing Fees.** The applicant shall pay to the city a filing fee established by City Council resolution for the purpose of defraying the costs incurred by the city in processing the design review application.

C. **Review.**

1. An application shall be reviewed for completeness.

2. Staff shall provide a review for consistency within the time frames provided for by state law. If an application is determined not to be consistent, the city shall notify the applicant in writing, identifying the provisions for which the application is non-conforming along with an explanation of the reasons it considers the project to be inconsistent or not in compliance with the objective provisions.

D. The Director shall approve all designs that meet the applicable objective development standards of the applicable zone and Chapter 18.42 for the single-family residential, and low-density multi-residential zones.

E. The planning commission shall hold a noticed public hearing and approve designs that meet the applicable objective development standards of the applicable zone and Chapter 18.42 for all other projects subject to this Chapter.

1. Notice of hearings shall be given in accordance with Government Code Section 65091.

2. Notice shall be mailed to property owners and occupants within 300 feet of the project site.

F. The decision of the planning commission shall be rendered in writing. Decisions shall be final unless appealed or called for review.

G. Any modification to an approved design review must be approved by the planning commission in the same manner as a new design review application. However, only the changes from the previously approved design review will be considered at a modification hearing,

1. In the event that any modifications are found by the planning commission to not be compliant with the objective standards, the original approval will remain in force for those modifications;
2. In such case, applicants shall be provided the opportunity to revise all modifications to make them compliant with objective standards and the hearing shall be continued until this is achieved or the modification application is withdrawn;
3. When a modification application is continued and no revisions are submitted to the community development department for 90 days, the modification application shall be deemed by the planning commission at the next regularly scheduled meeting to be abandoned;
 - a. An abandoned application shall be considered equivalent to a withdrawn application and no further continuances of the hearing are required;
 - b. The applicant shall be notified in writing not less than 15 days prior to the 90 day expiration of a modification application;
 - c. Any subsequent modifications after a modification application is deemed abandoned shall be a new modification application.
4. After modifications are approved, any further modification requests shall be considered a new modification application.

18.45.050 Appeals.

Any aggrieved person may appeal the decision of the commission to the city council. Such appeal shall be filed in writing with the city clerk within ten days after the date of the decision by the commission. Upon the receipt of such an appeal and the payment of filing fees established by the city council, the city clerk shall place the matter for consideration on the city council's agenda of the first regular meeting of the city council following ten days' written notice to the appellant and/or applicant and property owners and residents within ~~three hundred~~ 300 feet of the boundaries of the project site. The city council shall approve the design review if it finds that the project meets the objective standards.

END OF TEXT AMENDMENTS

SECTION 36. Overlay on Housing Element Inventory Sites.

The City's Housing Element identified approximately 468 parcels that were identified as Inventory Sites which were to receive an housing overlay to accommodate the City's Regional Housing Needs Allocation. The parcels listed on Exhibit F are all rezoned to receive housing overlays as shown on said Exhibit. These parcels are shown on Exhibits A-E.

SECTION 37. Rescission of Artesia Corridor Specific Plan.

A. The Artesia Corridor Specific Plan is hereby rescinded. The properties within the Artesia Corridor shall be rezoned from Artesia Corridor Specific Plan to the following as more specifically described on Exhibit G and shown on Exhibit E:

AREA	ZONING
1	Artesia Corridor Specific Plan → General Commercial (C-3)
2	Artesia Corridor Specific Plan → Very High Density Residential (R-6)
3/4	Artesia Corridor Specific Plan → Artesia Mixed-Use
4/5	Artesia Corridor Specific Plan → 1450 Artesia Specific Plan
6	Artesia Corridor Specific Plan → Official (O)

SECTION 38. No Net Loss. Government Code section 65863 provides that the City may not change a land use designation or zoning ordinance to a less intensive use unless the city concurrently changes development standards, policies and conditions applicable to other parcels to ensure there is no net loss in residential capacity. The eastern portion of Area 4 of the Artesia Corridor Specific Plan would have allowed for approximately 40 housing units to be built. With the change of zoning to 1450 Artesia Specific Plan, residential uses will not be allowed in this area. The loss of residential units in this area is more than made up for by the rezoning of Area 2 of the Specific Plan to the Very High Density Multi-Family (R-6) zone which will allow 51-70 dwelling units per acre.

SECTION 39. CEQA Compliance. This Ordinance is categorically exempt from CEQA based on the following:

CEQA Guidelines section 15308 provides a categorical exemption for actions taken to assure the maintenance, restoration, enhancement, or protection of the environment where the regulatory process involves procedures for protection. So long as the City fails to have a compliant Housing Element, it has virtually no control over development in the City and loses its ability to obtain funding to help with future planning. Additionally, until the City adopts development standards for these new zones, there will be no limits on what can be built in these new zones, with the minor exception of the density standards set forth in the General Plan. Further, the City loses its ineligibility for certain funding until the inventory properties are rezoned. Therefore, the rezoning of the Inventory Sites and adoption of the new development standards fall within this exemption. None of the exceptions to the exemption which are set forth in Section 15300.2 of the Guidelines apply.

CEQA Guidelines 15061(b)(3) provides a common sense exemption for actions where it can be seen with certainty that there will not be an effect on the environment. Under existing law, if there is an inconsistency between the general plan and zoning, a developer may build to the density allowed in the general plan. Therefore, rezoning properties to be consistent with the higher density land use designation has no effect because those properties may already be built out to what is allowed under the new zoning.

Additionally, the common sense exemption applies to the rezoning of the properties of the Areas 1, 3, 4, 5 and 6 of the Artesia Corridor Specific Plan.

SECTION 40. Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance, or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this ordinance or any part thereof. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more section, subsection, subdivision, paragraph, sentence, clause or phrase be declared unconstitutional.

SECTION 41. Certification.
