LAWS OF THE GAME

5th grade-6th grade Division: 80 yards in length, 60 yards in width

The Field of Play dimensions are smaller to accommodate the seven-versus-seven game and are appropriate for the movement capabilities of children nine years of age or younger. These adjusted dimensions provide more practical space allowing players to be successful.

Field Markings: The Field of Play Dimensions: The field of play must be rectangular. The length of the touchline must be greater than the length of the goal line. Field Markings: Distinctive lines not more than five (5) inches wide. The field of play is divided into two halves by a halfway line. The center mark is indicated at the midpoint of the halfway line. A circle with a radius of four (4) yards is marked around it.

The Penalty Area: A penalty area is defined at each end of the field as follows: Two (2) lines are drawn at right angles to the goal line, seven (7) yards from the inside of each goalpost. These lines extend into the field of play for a distance of seven (7) yards and are joined by a line drawn parallel with the goal line. The area bounded by these lines and the goal line is the penalty area. Within each penalty area a penalty mark is made five (5) yards from the midpoint between the goalposts and equidistant to them. An arc of a circle with a radius of four (4) yards from each penalty mark is drawn outside the penalty area.

Flag posts: Flag posts will be posted on each field at the corner kick areas.
