The City of Gardena (City), as Lead Agency, has prepared a Sustainable Communities Environmental Assessment (SCEA) for the 1610 Artesia Boulevard Project (Project) described below. The City intends to present the SCEA along with a Mitigation Monitoring and Reporting Program (MMRP) to the City’s Planning Commission for adoption as part of the Project’s review. The SCEA has been prepared in accordance with the California Environmental Quality Act (CEQA) and Public Resources Code Section 21155.2.

Project Location:

The Project site is in the County of Los Angeles (County), approximately 8.8 miles south of downtown Los Angeles, in the City’s southern portion. The approximately 3.43-acre Project site is comprised of one parcel (APN 6106-013-049) situated along West Artesia Boulevard (an Arterial) generally between South Normandie Avenue and South Western Avenue, at 1610 West Artesia Boulevard.

The Project site is not included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5.

Project Description:

The Project proposes to demolish the existing onsite commercial and industrial uses and in their place construct and operate a multi-family residential housing development with 300 apartment units (283 market rate units and 17 affordable units) in a six-story, podium apartment building. Various apartment types (i.e., studios, and one- and two-bedroom units ranging from 515 square feet (SF) to 1,413 SF) are proposed on levels two through six, with various amenities (i.e., two pools, a clubhouse, courtyard, fitness center, spa, golf lounge, and business center/leasing office) proposed on the podium level, and a lounge and deck on the roof. The building’s proposed height

is 80 feet. Additionally, the Project proposes approximately 67,890 SF of open space, including approximately 19,434 SF of private open space and approximately 48,456 SF of common open space. The Project would be developed with 240 units at a base density of 70 dwelling units per acre, and 60 units considering a 25 percent density bonus, allowed for providing affordable housing in the amount of 7 percent of the base density. Additionally, 507 onsite parking spaces in an on-grade parking garage with one subterranean level are proposed. Access to the Project site would be provided via one driveway on Artesia Boulevard.

Required Entitlements:

Entitlements and approvals required for the Project include:

- Site Plan Review (SPR No. 7-23)
- Design Review (DR No. 1-23)
- Density Bonus/Affordable Housing Agreement
- Other Ministerial Permits (e.g., Grading Permit, Building Permit, etc.)
- Environmental Assessment (EA #21-23)

Public Review Period:

The SCEA is available for a 30-day public review period commencing on **February 20, 2023 and ending on March 20, 2024**. In accordance with the State CEQA Guidelines, written comments on the SCEA will be accepted during the public review period and may be directed to: Amanda Acuna, Senior Planner, City of Gardena, 1700 West 162nd Street Gardena, California 90247 or by email at AAcuna@cityofgardena.org. It is preferable that comments be e-mailed to Amanda Acuna at the e-mail address provided above with the subject line: 1610 ARTESIA BOULEVARD PROJECT SCEA COMMENT. Comments may also be mailed to Amanda Acuna at the address listed above.
