Subject: Oral Communication for tonight's meeting

Caution! This message was sent from outside your organization.

Hello Becky, I am writing to you this email as a resident.

I strongly disagree with the minutes reflected in the agenda packet, regarding the three oral communication speakers.

The two individuals, Ricky Riker and Jonathan Quiroz, are tenants of my property who have been exploiting the unfortunate passing of the previous property owner. I have more than 20 tenants and they are the only two who refuse to pay. Mr. Riker currently owes over \$150,000 in back rent for the past two and half years. Likewise, Mr. Quiroz has defaulted on his rent and has not made any payments in a year and a half, now owing over \$75,000. Their statements at the council meeting were a blatant attempt to manipulate the situation and misrepresent the facts.

This is the second time the minutes have reflected inaccurate information.

Sincerely,

Wanda Love
