Caution! This message was sent from outside your organization.

Dear City Council and Planning Commission,

As residents living on Chanera Ave near the school, we ask for the following:

- Advanced notification of when the demolition will take place and a timeline for construction
- Assurance that debris, particles, dust, pollutants etc. from the demolition and construction do not impact neighboring homes, including pools and yards
- Notice of any additional mitigation measures that are taking place to handle any hazardous materials that may be present (such as asbestos)
- Contact information for site manager in case any issues arise.

Thank you for the opportunity to provide a comment.

Thank you,  
Ted Pacewicz
