APPLICATION PACKAGE INSTRUCTIONS

Fireworks Stand Permit Application

Part II: Application Package Instructions

Overview

From March 1st until 12 p.m. on March 31st, the City of Gardena will accept applications for a permit to sell safe and sane fireworks. Permits are issued only to nonprofit organizations and such fireworks shall be sold only at outdoor sales stands. The applicant will be notified by May 15th of the granting or rejection of their application. For additional information regarding the Fireworks Stand Permit process, refer to Chapter 8.16 of the Gardena Municipal Code (GMC), a copy of which is provided in Part IV of this document.

Number of Permits Issued

The maximum number of permits issued will not exceed eight (8). If the number of applications exceeds the number of available permits, the permittees from the preceding year have priority. Refer to Part IV of this document for a list of permits issued in 2025. If there are any permits available after the priority organizations have been considered, additional permits will be granted by a lottery held on or before April 16th by the City Clerk's Office. If April 16th falls on a weekend, the lottery will be held on the next available business day. The city will notify applicants who fall under this category.

Qualifying Nonprofit Organizations

Qualifying nonprofit organizations must have been organized and established in the City's corporate limits for a minimum of one year prior to filing an application. Eligible nonprofits must also have a principal and permanent meeting place in the City and a bona fide membership of at least 25 members. A majority of the members must be residents of the City of Gardena. The nonprofit must conduct activities primarily for the benefit of the City and its residents or must serve more City residents than non-city residents to be eligible to receive a permit. No nonprofit organization will be granted more than one permit.

Joint Ventures

Two or more qualifying nonprofits are allowed to apply for a permit as a joint venture. Each partner in a joint venture is required to submit a separate application. If a joint venture was issued a permit in 2025, any change in the organization within that joint venture will cause the joint venture to lose its priority standing for 2026.

DEPARTMENT of COMMUNITY DEVELOPMENT

1700 WEST 162nd STREET / GARDENA, CALIFORNIA 90247-3732 / WWW.CITYOFGARDENA.ORG / PHONE (310) 217-9530

Application Deadline

All applications and payment of fees must be in the hands of the Community Development Department by **noon, March 31, 2026**. The Community Development Department is located in Room 101, 1700 West 162nd Street. Any application package that is not properly completed or submitted without the required fees **will not be considered**.

Business License Requirement

The Distributor/Wholesaler is required to possess a current Business License at the time of filing.

Electrical Considerations

Depending on the site conditions at the location selected for the placement of a fireworks stand, if a generator or a temporary power pole is needed, a State licensed electrical contractor of the nonprofit's choosing is required to apply for an Electrical Permit with the City of Gardena Building Division located in City Hall, Room 101, at 1700 W. 162nd Street. Permits are issued Monday through Thursday between 7:30 a.m. and 5:30 p.m. Appointment request can be submitted to building@cityofgardena.org or call 310-217-9530. The electrical contractor must also possess a current Business License with the City. Refer to Part V for an example of the permit and requisite fees.

Insurance Requirements

The applicant shall supply proof of insurance to include \$1,000,000 coverage limits for public liability, property damage, and product liability. The City of Gardena shall be named as an additional insured as follows: "The City of Gardena, its appointed and elected officials, employees, representatives, and volunteers". See Part V for an example of an insurance certificate. The insurance company must have a Best rating of not less than A-: II.

Fireworks Operator Safety Training and Display of Posters-Mandatory

Each fireworks stand must have at least one salesperson trained by the Los Angeles County Fire Department in "Fireworks Operator Safety" that is always on duty during the sales period. After the City issues the applicant a permit for a Fireworks Stand Permit, the nonprofit organization will be contacted by the Los Angeles County Fire Department or the City to confirm the date and time set for this mandatory training. Failure to attend the mandatory training may result in the suspension of the applicant's permit.

The permittee is also required to display posters at the point of sale of the fireworks to notify purchasers of all applicable restrictions established by Chapter 8.16 of the Gardena Municipal Code. The poster is supplied by the city and will be available for the permittee to pick up after June 1st in City Hall, Room 101. To schedule an appointment please email sp@cityofgardena.org with your request or call 310-217-9524. Failure to return the posters to the City within the required timeframe or return it soiled or damaged will result in a deduction from the permittee's deposit to replace the item.

- B. Each such Nonprofit organization must have a principal and permanent meeting place in the city and have been organized and established in the city's corporate limits for a minimum of one year continuously preceding the filing of application for the license permit, and must have a bona fide membership of at least twenty-five members, the majority of whom are residents of the city.

The maximum number of permits, which may be issued pursuant to this chapter during any one calendar year, shall not exceed eight.

D. If the number of applications exceed the number of permits to be issued, the permittees during the preceding year shall have first priority for the available permits. Each participating organization shall be deemed to be a co-permittee claiming first priority and shall have the same duties and liabilities under the permit. Any change in organizations within the joint venture shall constitute a change causing that joint venture to lose its priority. If there are any additional permits available after priority organizations have been considered, such additional permits shall be granted by a lottery supervised by the city clerk held on or before April 16. In the, lottery, joint ventures shall receive one lot for all Nonprofit organizations that comprise the joint venture, and individual applicants shall receive one lot. B. The decision of the Fire Chief or his designee to suspend the permit of any permittee shall be subject to review by the community development director forthwith. In view of the limited sales period each year, for suspensions affecting the sale period, such hearing shall be held at the earliest possible time that the permittee, community development director or his designee, and the representative of the Fire Chief can schedule a meeting for such review for suspensions after the sale period. The hearing shall be within one month after the
