

NOTICE REQUESTING PROPOSALS

REQUEST FOR PROPOSALS 2026-03

Construction Management and Inspection (CMI) Services for the Renewable Energy and Storage System Project

NOTICE IS HEREBY GIVEN that the City of Gardena Transportation Department (GTrans) invites and shall receive proposals up to the hour of **12:00 PM (PST) on October 23, 2026** for Construction Management and Inspection (CMI) services for the City's design-build Renewable Energy and Storage System Project at the Gardena Transit Administration Facility Operations and Maintenance Facilities, 13999 S. Western Avenue, Gardena, CA 90249. The Project includes a solar photovoltaic canopy, battery energy storage system, and electric vehicle charging infrastructure.

This procurement is a Federal Transit Administration (FTA) funded project and therefore Proposers are hereby bound by all applicable federal, state, and local laws and regulations, and certifications. Proposals received after the date and time specified above shall be rejected by GTrans as non-responsive.

Copies of the proposals and any addenda may be obtained by visiting GTrans' online procurement platform, "PlanetBids", which can be accessed via GTrans webpage at:

<http://ridegtrans.com/contact/how-to-do-business-with-gtrans/>

Proposals are due no later than 12:00 pm PST on October 23, 2026. Proposals received after the date and time specified above will be rejected by the City as non-responsive.
